

Northern Great Lakes Synod Hunger/Poverty Ministries Grant Application

Spring 2021

The NGLS applied for and received another ELCA Covid Relief Grant to assist our congregations in their ministries to alleviate hunger and issues of poverty during this time of pandemic.

Grants of up to \$500 per congregation will be available to congregations who submit their grant application by June 1, 2021. Grants are to be used to support ministries that benefit underserved people in your community and congregation: clothing or food pantries, meal and backpack programs, fuel/rental assistance (Good Samaritan Funds), etc. Applications for paying internal congregational expenses such as utilities or a pastor's compensation will not be considered.

Grant awards will be determined early in July by Bishop Katherine Finegan in consultation with DEM, Pastor Jim Duehring, and the Executive Committee of the Synod Council.
