Event Description

Too often our church stewardship is focused solely on the church member's obligation to give and fails to recognize the church's obligations to its donor base. This workshop will focus on the 12 "donor confidence" factors, which can either bolster or undermine your congregation's stewardship efforts. Learn what you can do throughout the year to reduce the gap between your contributors' financial *capacity* and their financial *will* by learning from the non-profit fundraising industry.
